Introductory Netball Program

In term 4 our School is offering a FREE netball program funded by the Sporting Schools Initiative. We were lucky enough to receive a funding grant to cover the cost of the program and to purchase new netball equipment for our school.

Sporting Schools aims to:

We are offering a week 5 program after school on Monday’s to the first 30 girls in years 2 - 5 who return this permission note. This is a great opportunity to learn new skills and get active in a fun learning environment. A fully qualified netball coach from Netball Australia will teach the girls each week.

Finishes: Monday 16 November (week 7)
